

ELECTRONIC BILLING SERVICE (E-BILLING) IS AVAILABLE

We are pleased to let you know that the County of Prince Edward is now offering e-billing services as an alternative method for our Water and Wastewater customers to receive invoices.

This new electronic option is part of our ongoing efforts to improve the level of customer service we provide, while promoting sustainable business practices. The e-bill will include the same information as a regular paper bill. Billing dates and available payment options will remain the same. We would also like to remind you that payments can be made through your bank's internet or telephone billing service.

By subscribing to receive your bill electronically, you can enjoy the benefits of:

- Reducing paper bill clutter and easily retrieving your bill
- Reducing your environment footprint
- Viewing your most recent bill as soon as it is available

If you are interested in subscribing to our e-billing service, please visit our website at www.thecounty.ca . Register by following the link on the Water and Wastewater page and return the Registration Form to the County of Prince Edward, 332 Picton Main Street, Picton, ON K0K 2T0 or e-mail waterbilling@pecounty.on.ca .
