

**NOTICE OF PUBLIC INFORMATION CENTRE
Municipal Class Environmental Assessments for
Wellington Water and Wastewater Treatment Plants**

**Date/Duration: Wednesday, June 28, 2023, 6:00 to 8:00 pm
Location: Wellington and District Community Centre**

The County of Prince Edward is undertaking two Municipal Class Environmental Assessment (Class EA) studies for the replacement of the existing Wellington Water and Wastewater Treatment Plants, located at 459 Main Street and 461 Main Street, Wellington, ON, respectively.

New Water and Wastewater Treatment Plants are required to accommodate projected growth and to address current capacity limitations with the existing systems. The new treatment plants shall be built within the property boundaries of the existing site, as shown by the Study Area limits, illustrated in the adjacent figure.

The studies are being carried out in accordance with the requirements of Schedule 'C' projects of the Municipal Class Environmental Assessment Process. A Public Information Centre (PIC) is being held to present the results of the Class EA studies and the preliminary preferred recommendations and to solicit public and stakeholder's feedback on the information presented. The PIC will follow a drop-in format. Project team representatives will be available to answer questions and discuss next steps.

All information/comments received will be subject to the disclosure requirements of the *Freedom of Information and Protection of Privacy Act, R.S.O. 1990*. With the exception of personal information, all comments will become part of the public record. We welcome any suggestions you may have about this project. If interested in receiving further information on this project, please contact the following individuals:
