

THE COUNTY OF PRINCE EDWARD

NOTICE OF INTENTION

TO DESIGNATE A PROPERTY OF CULTURAL HERITAGE VALUE OR INTEREST UNDER THE PROVISIONS OF SECTION 29

PART IV OF THE ONTARIO HERITAGE ACT, R.S.O. 1990 AS AMENDED

TAKE NOTICE that the Council of the Corporation of the County of Prince Edward intends to designate lands and premises described below, in the County of Prince Edward, Province of Ontario, as properties of cultural heritage value or interest under Part IV, S. 29 of the Ontario Heritage Act, R.S.O. 1990.

Visit the heritage designation project website <https://www.thecounty.ca/residents/services/planning/heritage-conservation/heritage-designation-project/> to view materials for each of the proposed designations.

Description of Properties

Prince Edward Point Lighthouse is located at the end of Long Point Road, municipally known as **6147 Traverse Lane**, and legally described as Part Lot 13 Concession Long Point South Marysburgh Part 2 47R1621, in the Ward of South Marysburgh, in the County of Prince Edward.

Blizzmax Barn, Feed Silo and Mennacher House is located on the east side of County Road 13, municipally known as **3069 and 3071 County Road 13**, and legally described as Part Lot 3-4 Concession Round Prince Edward Bay South Marysburgh Part 2 47R5370 subject to PE124331, in the Ward of South Marysburgh, in the County of Prince Edward.

Statement of Cultural Heritage Value or Interest

Prince Edward Point Lighthouse has been identified as a cultural heritage asset based on its physical, historical and contextual value. The building marks the entrance to Long Point Harbour. The wooden structure is in its original location and maintains its historic form as a landmark along the County's South Shore.

Blizzmax Barn is a heavy-timber framed building with a rubblestone foundation, the original gambrel roof and a large addition on the north side. On the west side of the barn is the concrete stave **Feed Silo**. **Mennacher House** has architectural features from the West Coast Modernist Movement, and has several features that illustrate the functionality of the structure, such as sloped rooves and designs for the passive absorption of the sun's energy.
